IÉSU JAFÉ

Game UI/UX Designer · Game Designer

Natal, Brazil · Open to remote (UTC-3) · +55 84 99903-4089 · jafe.iesu@gmail.com · linkedin.com/in/iesujafe · onicafe.github.io/Hex-Labs · github.com/onicafe

SUMMARY

UI/UX and game designer with 8 years of experience. At SpillFabrikken (Norway), I was the publisher's sole designer, taking card and party games from concept to print-ready artwork for the factory, including visual identity and packaging.

I trained in Game Design (EBAC), hold a postgraduate certificate in Metaverse Development, and bring UI/UX experience from products for Brazil's Federal Court (TRF5) and the RN state government. I write about game design. Bilingual in English and Portuguese.

SKILLS

- **Games:** Game Design, Card and Party Game Design, Game Prototyping, Narrative Design, Metaverse Development, Godot
- **Design:** Product Design, UI/UX, Design Systems, User Research, Usability Testing, Prototyping, Information Architecture, Accessibility, Design Thinking
- **Tools:** Figma, Adobe Illustrator, Photoshop, Premiere Pro, After Effects
- **Development:** React, TypeScript, Tailwind CSS, Flutter, Supabase

EXPERIENCE

Game Designer & Art Director (personal project) — Lan House Simulator

Godot 4 · 2026 – in development

- First-person 3D simulator of a Brazilian LAN house, with a pixel-art management game running on the front desk monitor.
- I own the design, rules, economy and art direction; the programming is done with AI agents under my direction. Trailer and case study in my portfolio.

Founder — Hex Labs

Natal, Brazil · Mar 2026 – Present

- Founded an AI-powered digital product studio; I lead design, development and client acquisition.
- Built the company website and CMS (React, TypeScript, Tailwind, Supabase), including a blog and admin panel.
- Building Rede Imobiliária, a white-label real estate SaaS with AI-generated listings, and Lexus System, a law-firm management tool.

Customer Experience (volunteer) — AIESEC in Brazil

Curitiba, Brazil (remote) · Mar 2025 – Dec 2025

- Managed the experience of international volunteers on projects with partner companies, from onboarding to completion.
- Resolved issues for participants from different countries and cultures, in English and Portuguese.

UI/UX Designer (volunteer) — PJe2 Mobile, TRF5 Federal Court

Remote · 2024

- Contributed to the UX redesign of the official app federal judges use to review and sign rulings, connected to the National Council of Justice database. Credited in a thesis.
- In a screen-by-screen comparison with the legacy app, the main tasks took about half the interactions. The engineering team resolved the 347 code analyzer warnings and hints.

UI/UX Designer (volunteer) — Jovem Potiguar, RN State Government / IFRN

Natal, Brazil · 2024

- Designed the pre-registration flow that brings low-income youth to IFRN training courses, split into accessible steps that work on any device.
- The program, run by the state labor and social welfare department with IFRN, opened 840 seats.

Communications Specialist — TAP Air Portugal

Lisbon, Portugal · Feb 2023 – Aug 2023

- Managed the airline's CMS for data tracking and process automation.
- Supported and maintained systems to keep operational data accurate.

Freelance Product Designer — Oni

Remote · Jun 2018 – Jun 2023

- UI/UX, graphic design and visual identity projects for clients in Brazil and abroad.

Product Designer — Dione Solutions

Tokyo, Japan (remote) · Feb 2022 – May 2023

- Defined the design system and designed the main screens of a hotel management system built for a chain of 12 hotels (bookings, housekeeping, kitchen and inventory).
- Designed MyTreasure, a social network for collectors with configurable posts and a bidding module; it was published on Google Play and has since been taken down.
- Produced pitch materials and managed social media.

Product & Game Designer — SpillFabrikken

Trondheim, Norway (remote) · Apr 2020 – Sep 2021

- Sole designer at the publisher: eight card and party game projects, from concept and prototype to print-ready artwork for the factory in China.
- Created visual identity, packaging and marketing materials, cutting components to lower weight and cost.
- Coordinated external collaborators (illustration and 3D renders) and was the point of contact with the factory.

Graphic Designer — SESAP-RN (State Health Department)

Natal, Brazil · Apr 2019 – Jul 2019

- Created public health campaigns, newsletters and event identities.

EDUCATION

- **B.Sc. in Computer Science** — Universidade Potiguar · 2024–2026 (on hold to re-enroll)
- **Postgraduate Certificate in Metaverse Development** — Centro Universitário UNA · 2023
- **Game Design & Development Program** — EBAC (British School of Creative Arts and Technology) · 2022
- **Postgraduate Certificate in Digital Marketing** — Faculdade Metropolitana · 2020
- **Bachelor's in Graphic Design** — Universidade Potiguar · 2017–2019
